About Pursell Agri-Tech LLC.

The Pursell Family has been involved in the agricultural and specialty fertilizers business since 1904, and has long been a pioneering developer of premium controlled-release fertilizer technologies. Pursell Agri-Tech, based in Sylacauga, Alabama, is committed to expanding on this legacy by developing and commercializing sustainable, next generation controlled release fertilizer and coating technologies that economically increase agricultural output and productivity while reducing the impact on the environment.

Manufactured By
 Pursell Agri-Tech LLC
 104 Calhoun Street
 Sylacauga, AL 35150

Caution:
 KEEP OUT OF THE REACH OF CHILDREN.
 HARMFUL IF SWALLOWED.

Storage:
 To ensure quality of product store this fertilizer in a dry and moisture free environment. Improper storage may affect release rates.

Mission: Develop and commercialize next generation fertilizers to increase yields, enhance human nutrition, and improve environmental impact to water and climate.
