

NutriFUZE

AVERT 0-30-31

High Analysis Potassium
Phosphite

Avert is a highly concentrated potassium phosphite. Avert contains 4.69 pounds of phosphorous acid per gallon.

GUARANTEED ANALYSIS

Available Phosphate (P2O5) 30.0%
(AOAC Method 960.02)

Soluble Potash (K2O) 31.0%
Derived from: potassium phosphite

DIRECTIONS FOR USE

Tees and Greens: Apply 3 – 6 ounces per 1,000 square feet in a minimum of 40 gallons of water per acre. Not necessary to water-in after application.

Fairways, Sports Turf and Lawns: Apply 1 – 2 gallons per acre in 50 gallons of water per acre.

Ornamentals and Containerized Plants: Apply 1 gallon per 100 gallons of water and apply to run-off or as a soil drench.

Manufactured by:
Diamond R Fertilizer
4100 Glades Cut-Off Road
Fort Pierce, FL 34891-1573
FO01573

WEIGHT PER GALLON: 13.3 lbs @ 68° F

2.5 gal 30 gal 250 gal

Store above 50° F

APPLICATION PRECAUTIONS

AVERT can be mixed with most pesticides and fertilizer inputs, however adverse tank mix interactions may exist between calcium products and micronutrient products. These interactions may be avoided by buffering the spray tank pH down, but a jar test is critical to ensure compatibility. When used as directed, this product does not supply all the nutrients required by plants and is designed to supplement a soil fertility plan. Combinations of this product with any other product should be tested for compatibility prior to any spray mix application by conducting a jar test. A phytotoxicity trial is recommended, especially if you do not have experience with the combination.

PRECAUTIONARY STATEMENTS

Avoid prolonged or repeated contact with eyes, skin and clothing. Chemical goggles or a full-face shield should be worn. To protect skin, wear appropriate protective equipment, such as rubber or plastic aprons, rubber gloves and boots. Avoid breathing mist or vapor. Keep containers closed. Wash thoroughly after handling. May cause gastrointestinal distress if swallowed.

STORAGE: Store at ambient temperatures in dry secure area. Keep container tightly closed. Do not allow water to be introduced into the container contents.

DISPOSAL: Dispose of empty containers by triple rinsing or equivalent and discard empty containers in accordance with current Local, State and Federal regulations. Do not contaminate water, food or feed sources by cleaning of equipment or disposal of waste or rinsate.

WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Neither this warranty nor any other warranty of merchantability or of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

CAUTION: KEEP OUT OF REACH OF CHILDREN
